**Thursday 21<sup>st</sup> March 2019**

## **CREATIVE RELATIONSHIPS: Co-production in Therapeutic Child Care and Education**

**Venue: Catrin Finch Centre - Wrexham Glyndwr University,**

Wrexham Glyndwr University and The Consortium for Therapeutic Communities are delighted to present this exciting and innovative conference – our 5<sup>th</sup> annual event.

This year's event will see a change to the structure with a mixture of performance and presentations and the use of small, facilitated reflective groups to process learning.

The conference will appeal to all working to teach, care for and support young people, especially those with emotional, social and additional learning needs. We know that increasingly practitioners are facing the challenges of supporting the well-being of pupils and managing the impact on the whole child of a range of adverse childhood experiences. Creativity in all its forms plays an integral part in responding to these challenges.

We intend to provide the ideal opportunity to come together with other professionals and practitioners to participate in small groups and debate with speakers and presenters, whilst enjoying a range of networking opportunities.

We will have the benefit of active contributions of young people on the day

**With thanks to our sponsors:**
